Address: Jhang, Punjab Pakistan
Contact: +923475702720

OBJECTIVE

Results-driven Software Engineer with comprehensive expertise in full-stack web development (MERN Stack), Data Science, and Cloud Computing. Proven ability to design scalable web architectures, deploy robust cloud-based solutions, and integrate advanced Artificial Intelligence and Machine Learning models to extract insights and solve complex business problems. Passionate about leveraging data-driven strategies and modern web technologies to build high-performing, user-centric applications that drive commercial value and operational efficiency from the ground up.

SOFTWARE SKILLS

Web Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), HTML5, CSS3, TailwindCSS, REST APIs.
AI & Data Science: Generative AI, Machine Learning, Deep Learning, NLP, TensorFlow, PyTorch, Scikit-learn, Pandas.
Programming Languages: Python, JavaScript, C++, Java, Dart.
Cloud & Databases: Oracle Cloud Infrastructure (OCI), AWS Cloud Computing, MongoDB, Oracle SQL.
Tools & DevOps: Git, Docker, Postman, VS Code, Linux**.**
Soft Skills: Communication, Teamwork, Problem Solving, Interpersonal Skills, Time Management, Leadership

EDUCATION

Bachelor of Science in Software Engineering (September 2022 ~ July 2026)
University of Engineering and Technology, Taxila, Pakistan (https://uettaxila.edu.pk/)
CGPA: (**3.44/4**) till 6th Semester

Major courses:
Data Structures and Algorithms, Database Management Systems, ML, NLP, Digital Image Processing, Software Design & Architecture, OOP, Operating Systems, Computer Networks, and Information Security.

Bachelor's Final Year Project |*March 2025 – Present*

Title: AI-Powered Python Code Review Editor (APCRE)

Description: Designing and developing an intelligent web-based Python code editor that integrates Machine Learning and real-time collaboration to enhance code quality and developer productivity.

Key Features:

- **Automated Code Review:** Detects syntax errors, logic issues, and PEP8 violations using a hybrid ML model (Static Analysis + CodeBERT).
- **Performance Evaluation:** Generates detailed **F1-score, Precision, and Recall reports** for code issue detection.
- **AI Coding Assistant:** Provides contextual Python help, code completions, and explanations using a lightweight LLM.
- **Real-Time Collaboration:** Enables two users to co-edit and proofread code simultaneously via **Socket.IO**.

- **Modern Web Stack:** Built using **MERN (MongoDB, Express, React, Node.js)** with **Monaco Editor** for syntax highlighting.
- **Evaluation Dashboard:** Visualizes performance metrics and allows report export in **PDF/CSV** formats.
- **Secure Authentication & Session Management** with **JWT** and MongoDB-based user tracking.

PROFESSIONAL EXPERIENCE

➢ **Web Development Intern (June 2024 – July 2024)**
NextPak Agile Solutions Pvt. Ltd. — Rawalpindi, Pakistan

➢ **MERN Stack Development Intern (June 2025 – July 2025)**
NextPak Agile Solutions Pvt. Ltd. — Rawalpindi, Pakistan

SEMESTER PROJECTS

- **Dental Cavity Detection via Image Segmentation — Python, PyTorch, TorchVision**
  Source Code: github.com/mudassar-durvaish/Cavity-Detection-System
- **Restaurant Reservation Application — MERN Stack (MongoDB, Express.js, React.js, Node.js)**
  Source Code: github.com/mudassar-durvaish/Restaurant-Application
- **School Management System — Java, JavaFX, Oracle Database**
  Source Code: github.com/mudassar-durvaish/School-Management-System
- **Password-Based Door Lock System — Arduino**
- **Domain-Specific Adaptation of GPT-2 for an AI-Powered Dental Chatbot — NLP**
  Source Code: github.com/mudassar-durvaish/AI-Dental-Chatbot-NLP

CONFERENCE/SEMINAR

Attended Web3 & Blockchain — Organized by @Web3Pak, NUML Pakistan.

ONLINE COURSES

- **Meta Front-End Developer**
  Completed a benefitted 9 courses offered by Meta on Coursera Using Credly.
  (https://coursera.org/share/19674f9ccd5273d079fea4b2887c3559) by Meta
  (https://www.credly.com/badges/b392c39d-b8c0-44a5-aca3-9042e196cef7/public_url) using Credly.
- **Postman API Fundamentals Student Expert from Canvas Credentials (Badgr)**
  (https://badgr.com/public/assertions/U7AxwfwQSji9M-9emibuDQ) by Badgr
- **AI For Everyone**
  (https://coursera.org/share/539c8c812a20aac4733a442092127afe) by DeepLearning.AI.
- **Generative AI Application Developer Certificate by PEC (Top Performance Award)**
  (Certificate) by Pakistan Engineering Council (PEC)
- **Oracle Certified Foundations Associate (Oracle Data Platform 2025)** — *Oracle University*
  (Certificate) by Oracle Corporation as an **Oracle Certified Foundations Associate** (Valid until October, 2027)
- **Oracle Cloud Infrastructure 2025 Certified DevOps Professional** — *Oracle University*
  (Certificate) by Oracle Corporation as an **Oracle Certified DevOps Professional**
- **Getting Started with Cisco Packet Tracer from Cisco Networking Academy**
- **AI Agents and Agentic AI in Python: Powered by Generative AI**
  Completed a benefitted 3 courses offered by Vanderbilt University
  (https://coursera.org/share/3057e65e382f3f192ceb2dc90286544d) by Vanderbilt University
- **Programming Foundations: Beyond the Fundamentals**
  (Certificate) by LinkedIn
- **Career Essentials in Software Development by Microsoft and LinkedIn**
  (Certificate) by Microsoft and LinkedIn

- **Introduction to Career Skills in Software Development** (Certificate) by LinkedIn
- **AWS Educate – Cloud Computing 101 by Amazon Web Services (AWS)** (Certificate) by Credly

FUTURE LEARNING & DEVELOPMENT (Until Graduation)

Technical Growth: Deepening practical knowledge of AWS cloud deployments and advanced generative AI model integrations for scalable B2B/B2C web applications.

Academic Goal: Finalizing the system architecture, testing, and formal defense of the AI-Powered Python Code Review Editor (APCRE).

CORRICULAR ACTIVITIES

- Senior Executive — MLSA (Microsoft Learn Student Ambassadors UET Taxila) (2025–2026).
- Executive Member — SoftDesk UET Taxila (2024-2025)
- Community service work at Al-Ummat Welfare Foundation, Wah Cantt (October 2025)

ACHIEVEMENTS/AWARDS

- Merit-based **BF (Benevolent Fund)** scholarship the Government of Punjab, 2022.
- Merit-based **BF (Benevolent Fund)** scholarship the Government of Punjab, 2023.
- Merit-based **BF (Benevolent Fund)** scholarship the Government of Punjab, 2024.
- Merit-based Prime Minister Youth Initiative Laptop Scheme 2023 in 2025 at the Higher Secondary level.
- Received High Achievers Awards in First year of College Level

LANGAUAGES

- English
- Urdu

HOBBIES & INTEREST

- Engaging in non-academic research including cricket, table tennis and Badminton competitions.
- Volunteering for research-related initiatives within the university or local community to contribute to the advancement of knowledge and make a positive impact.
- Engaging in interdisciplinary activities or projects to explore connections between different fields of study and foster a multidisciplinary approach.
